

# ***AWAKENING CHAMPIONS: Begin to Hear God and Partner with Him***

## **MODULE 1**

### **I HEAR YOU FATHER GOD**

We need for every part of our being to be awake and alert to Father God's voice. He awakens His sons to hear Him and to deeply know Him. By relationship with Father God, our prophetic gifts will function best.

Throughout this series God will meet you and unlock your heart to experience His nearness. You will be awakened to truly know and experience Him as Abba Father. You will be changed by the life-giving truths about who Father God is and who you are as a son of God. Every believer has the DNA to be a son of God, to think like a son of God, to talk like a son of God, and to live in practical ways as a son of God.

A brief explanation about activations: Activating our identity as sons of God and rising up to be so very close to Father God is what we will be doing during our sessions and home tasks. Each session includes a practical exercise designed to activate the reality of the word you heard during the teaching. As you complete each session's activation exercise, you will become more confident, feel more empowered, and you will experience God's presence and hear His voice. For another opportunity to deepen your experience with God, you will be assigned home tasks too.

### **SESSIONS 1-4**

#### **Session 1 We Are the Champions**

We will hear and apply topics such as: Father God speaking to you about hearing His voice; talking to Father; being near to Father; and being confident and knowledgeable with practical things in life.

We have shared parts of this series in different nations. Each time there were many outstanding testimonies of changed lives. Men and women become more sure of who they are in Christ and hear God's voice in ways they never had before.

## **Session 2 I Am Calling You**

You are a son of God and you can live by His voice. You may say, “But I've never heard my Father's voice.” I said that ten years ago. At that time, Father activated my son-seed and now I live from a completely different life perspective, with my heart fully engaged with Abba. I am tangibly aware that He is fully alive and always speaking to me. He has made me to be a living message of this reality.

I am creating this series Awakening Champions from my experiences with Abba Father, as I live as an awakened son of God, victoriously fulfilling my purpose.

The key is the conversations I have with God daily, many times a day. Because I am convinced He is always with me, literally standing or sitting by my side, and alive in me (we will discuss this in a later chapter), it is natural to speak to Abba Father regularly. And, because I know He gives all things, I NEED to have conversations with Him so that I can receive what He is ready to provide.

## **Session 3 Voice Activated**

The sons of God are beginning to recognize the voice of Father God with their supernatural voice recognition features. We simply need to be aware of our supernatural instruments and learn how to operate them. As sons of God, once we hear our Father's voice, our next steps are to move towards that Voice. When we receive Father's call to awaken to sonship, you and I can receive our mantle from God about who we are, our identity, our mission, who God is.

## **Session 4 God Likes to Talk**

God wants to be in relationship—to fellowship together—and He orchestrates it by communication. He wants to share Himself with us, and He wants us interacting with what is on His heart.

The point of God's communications with us is the knowledge of Himself. I like to say that God is the “Know Me” God. *This is eternal life: to know You, the only true and real God, and to know Him, Jesus Christ (John 17:3).*

He wants us to experience Him, which means He wants RELATIONSHIP. As a child of God, it is your privilege and birthright to hear your Father's voice. Your Father desires to speak to you even more than your desire to hear from Him.
